MARINE CORPS INSTALLATIONS EAST-MARINE CORPS BASE CAMP LEJEUNE ORDER 3710.6

From: Commanding General
To: Distribution List

Subj: MOBILE AIRCRAFT FIREFIGHTING TRAINING DEVICE OPERATIONS AND
MAINTENANCE PROCEDURES

Ref: (a) MCO 3710.6A
(b) CMC WASHINGTON DC AVN APW 172149Z Nov 10
(c) NATOPS NAVAIR 80-R-0014

Encl: (1) Mobile Aircraft Firefighting Training Device Action Form
(2) Mobile Aircraft Firefighting Training Device Monthly Usage Report

Report(s) Required: I. Mobile Aircraft Firefighting Training Device Monthly
Usage Report (Reporting Requirement: MCIEAST-MCB
CAMLEJ-3710.6-01)
II. Inspector General Unit Inspection (Reporting
Requirement: EXEMPT)

1. Situation. To publish Mobile Aircraft Firefighting Training Device
(MAFTD) resourcing strategy, sustainment, and operations and maintenance
responsibilities and procedures.

2. Cancellation. MCIEASTO 3710.6.

3. Mission. To provide policy and assign responsibilities that will assure
coordinated, continued, and documented sustainment of firefighting training
assets, per reference (a).

4. Execution

a. Commander's Intent and Concept of Operations

(1) Commander's Intent. To ensure Marine Corps Installations East-
Marine Corps Base Camp Lejeune (MCIEAST-MCB CAMLEJ) firefighting training
systems are properly funded and maintained, per reference (b).

(2) Concept of Operations. All installation personnel in custody of
MAFTD systems shall be familiar with the contents of this Order.

(a) Background. The MAFTD is an Aircraft Rescue and Firefighting
(ARFF) training device for the Department of the Navy and used in the Marine
Corps by the ARFF community and Marine Corps Air Station (MCAS) personnel.
Beginning in 1997, Program Management Activity 205 (PMA-205) procured and
fielded MAFTDs for the Marine Corps, per reference (c). MCIEAST-MCB CAMLEJ
installations that currently have a MAFTD are MCAS Beaufort, MCAS Cherry
Point, and Marine Corps Air Facility Quantico. Initial MAFTD maintenance and
operator training was funded by PMA-205 and managed by

the PMA-205 Program Manager. Owing units were responsible for the maintenance and licensing of the tractor portion of the trainer. Procurement of the devices is complete and transition to sustainment support has been transferred from PMA-205 to MCIEAST-MCB CAMLEJ.

(b) Sustainment. Due to the inherently hazardous nature of live fire training, it is imperative only highly trained, experienced, and knowledgeable technicians perform the necessary maintenance to ensure safe operation, configuration uniformity, and quality assurance.

(c) Funding. Program office funds were used to initiate the maintenance contract and have been in place since 2008. Those funds expired on 30 November 2010. A sustainment contract for operations and maintenance of the MAFTD began 1 December 2010. Responsibility for funding the sustainment of the MAFTDs has fallen on the applicable Marine Corps Installation Commands, per reference (b). To help eliminate unnecessary overhead expenditures between the services, contracting efforts have been consolidated within the DON with funding provided by the Commanding General (CG), MCIEAST-MCB CAMLEJ for a portion of the contract applicable to MCIEAST-MCB CAMLEJ devices.

b. Subordinate Element Missions

(1) MCIEAST-MCB CAMLEJ shall: Plan, budget, and advocate on behalf of MAFTD sustainment and training requirements.

(2) Installation Commanders shall:

(a) Ensure only properly trained and licensed personnel operate both the tractor and trailer portions of the MAFTD.

(b) Coordinate tractor maintenance through the installation's motor transportation office.

(c) Notify MCIEAST-MCB CAMLEJ aviation plans and policy (APP) personnel of any requirements for MAFTD equipment sustainment or personnel training through utilization of enclosure (1).

(d) Submit enclosures (1) and (2) to MCIEAST-MCB CAMLEJ APP personnel. Points of contact are: Mr. David Turner, david.d.turner1@usmc.mil, (910) 450-9372 (DSN 750) and Mr. Carter Brandenburg, carter.brandenburg@usmc.mil, (910) 451-7394 (DSN 751).

(e) Upon completion of training evolutions, ARFF operators in charge are to ensure proper documentation of training is maintained as an inspection item under current training and readiness and CG Readiness Inspection Program.

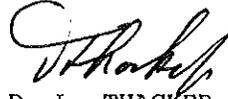

5. Administration and Logistics. Recommendations for changes to this Order should be submitted to the Assistant Chief of Staff, G-3/APP. Refer to "Reports Required" on the promulgation page for reporting requirements.

19 FEB 2013

6. Command and Signal

a. Command. This Order is applicable to MCIEAST-MCB CAMLEJ and its subordinate commands.

b. Signal. This Order is effective the date signed.
