Base to Reduce Visitor Center Hours

CAMP LEJEUNE, N.C. – Visitor Center hours aboard Marine Corps Base Camp Lejeune will be reduced from a 24-hour operation to 5:30 a.m. to 6 p.m. on weekdays beginning Monday, July 30, 2012. The change is an effort to increase efficiency and decrease spending. Additionally, the center will be closed on weekends.

All visitors being sponsored for access to the base must have their sponsor call the visitor center before the close of business, and requests should arrive prior to 5:45 p.m. on weekdays; the visitor center doors will close at 6 p.m. At the end of each business day, visitor center staff will leave a list of called-in visitors with the main gate sentries. If the sponsor does not call during normal working hours, the visitor may be turned away at the gate, or the sponsor will be required to pick them up.

All sponsors will be held accountable for the conduct of visitors aboard MCB Camp Lejeune. The sponsor will be called regardless of the hour if an unannounced visitor arrives. To prepare for this transition, the visitor center will close at 10 p.m. on Saturday, July 28, and will reopen with its new operating hours Monday, July 30.

To contact the MCB Camp Lejeune Visitor Center call (910) 451-7735.
