Message from the Commanding General

Marine Corps Installations East (MCIEAST) provides the Operating Forces and tenant commands with the highest quality of continuous, effective service and support to meet present and anticipated future joint and expeditionary warfare requirements. With installations located in North Carolina, South Carolina, Georgia and Florida, the geography of MCIEAST offers a unique combination of ocean, coastal, riverine inland, and airspace training areas making it a critical asset to our national defense foundation.

The MCIEAST region contributes billions of dollars to state and local economies through the operation and development of its installations. The Marine Corps remains a significant business enterprise and employer throughout the region by employing thousands of personnel across a wide range of sectors and funding dozens of military construction projects and defense contracts. This 2021 Economic Impact Brochure demonstrates how MCIEAST contributes to state and local economies.

As Federal, state, and local budgets continue to change, MCIEAST’s dedication and commitment to local communities becomes even more critical and vital to economic growth. Partnerships with local communities and state governments have proven vital for sustaining and growing the military mission in the southeast. We are committed to maintaining these positive relationships which continue to provide both the Marine Corps and surrounding communities’ mutual success.

Finally, at Camp Lejeune, the flagship installation of MCIEAST, we have embraced a central philosophy that truly underscores all that we do across the command. It’s called “Make Ready.” “Make Ready” is a preparatory command traditionally used at rifle ranges that tells shooters to load a round into the chamber and be prepared to engage their targets. Our bases and stations serve as those vital enablers that ensure our operational units are trained and ready to go downrange, fully prepared to execute missions across the globe. Our community partners are critical to our ability to “Make Ready” our bases, warfighters and their families and I sincerely thank you for being a part of this effort.

Semper Fidelis,

Andrew M. Niebel
Brigadier General, U.S. Marine Corps

Marine Corps Installations East – Marine Corps Base Camp Lejeune

Mission

Marine Corps Installations East – Marine Corps Base, Camp Lejeune (MCIEAST-MCB CAMLEJ) commands and controls assigned Marine Corps Installations to support the operating forces, tenant commands, military personnel, and families. MCIEAST also operates a training base that promotes the combat readiness of the operating forces and missions of other tenant commands by providing training venues, facilities, services, and support in order to be responsive to the needs of Marines, Sailors, and their families.

Vision

MCIEAST will provide the operating forces and tenant commands with continuous, effective service and support to meet present and future joint and expeditionary warfare requirements.
