Using the AtHoc Self-Service Function

1. Purpose: The purpose of this document is to provide instructions for CONUS end-users on how to register and utilize the AtHoc Self-Service function, which is part of the Marine Corps Mass Notification System.
2. General Information:
 - Marine Corps personnel whose workstation resides on the NMCI network can update information regarding organization, contact devices, and work and home locations. Update information by accessing the systems Self-Service function available from the AtHoc Desktop Notifier (Client). The Desktop Notifier appears as a Purple Globe in the workstation system tray.
 - Marine Corps personnel whose workstation resides on the MCW or MRAM networks can access the Self-Service function from a URL (provided below).
 - Other DoD personnel who are members of Tenant organizations on a Marine Corps installation, but are not on the NMCI, MCW or MRAM networks do not have access to Self-Service. Their account information must be provided manually – as either comma-separated value (.csv) file import or system operator input.
3. Steps:
 - a. NMCI, MCW and MRAM users can open Self-Service by using the URL associated with your Installation from the following list.
